Acid Rain monitoring stations at 45 Ontario locations soon

Two networks of air monitoring stations consisting of instruments to measure deposition and to identify sources of acid rain and other pollutants related to long range air transport are being set up at 45 locations throughout the province, Ontario Environment Minister Harry Parrott has announced.

These monitoring stations which are expected to be in full operation by late summer, will play an important role in research to determine the quantity, acidic concentrations and impact of acid rain and snow falling in both the sensitive areas and other parts of the province. The program will also identify more clearly the relative contributions to this pollution from numerous sources," Dr. Parrot explained.

Until now, deposition monitoring for acid rain has been largely centred in the Haliburton-Muskoka lakes region and Sudbury area.

The monitoring network known as "Atmospheric Deposition Studies", is one of a number of scientific investigations taking place under the Acid Precipitation in Ontario Study (APIOS). Through this major study, Ontario is compiling vital scientific information required to better link and assess the source and receptor relationship of acid rain as a means of establishing effective pollution abatement measures.

See ACID RAIN page 2

Orillia man suffers broken back when car hits bank

MINDEN — OPP investigated 13 motor vehicle collisions in Haliburton County over the past week, 12 of them reportable.

In seven of these collisions, more than \$11,900 in damages were set, three people suffered minor injuries, a passenger in a single vehicle collision suffered a possible broken back and four drivers were charged.

At 3 am, Sunday, July 13th a car driven by Daniel Johnston 28, of Oshawa, was eastbound on Hwy. 530, entered a fog patch, drove onto the north shoulder on a curve, corrected and entered the south ditch striking an earth bank.

A passenger in the Johnston car, Tadeusz Szukalski 30, of Orillia, suffered a possible broken back and was taken to Haliburton hospital. There were no charges laid in the incident and no damage to the vehicle. PC Jim Solway.

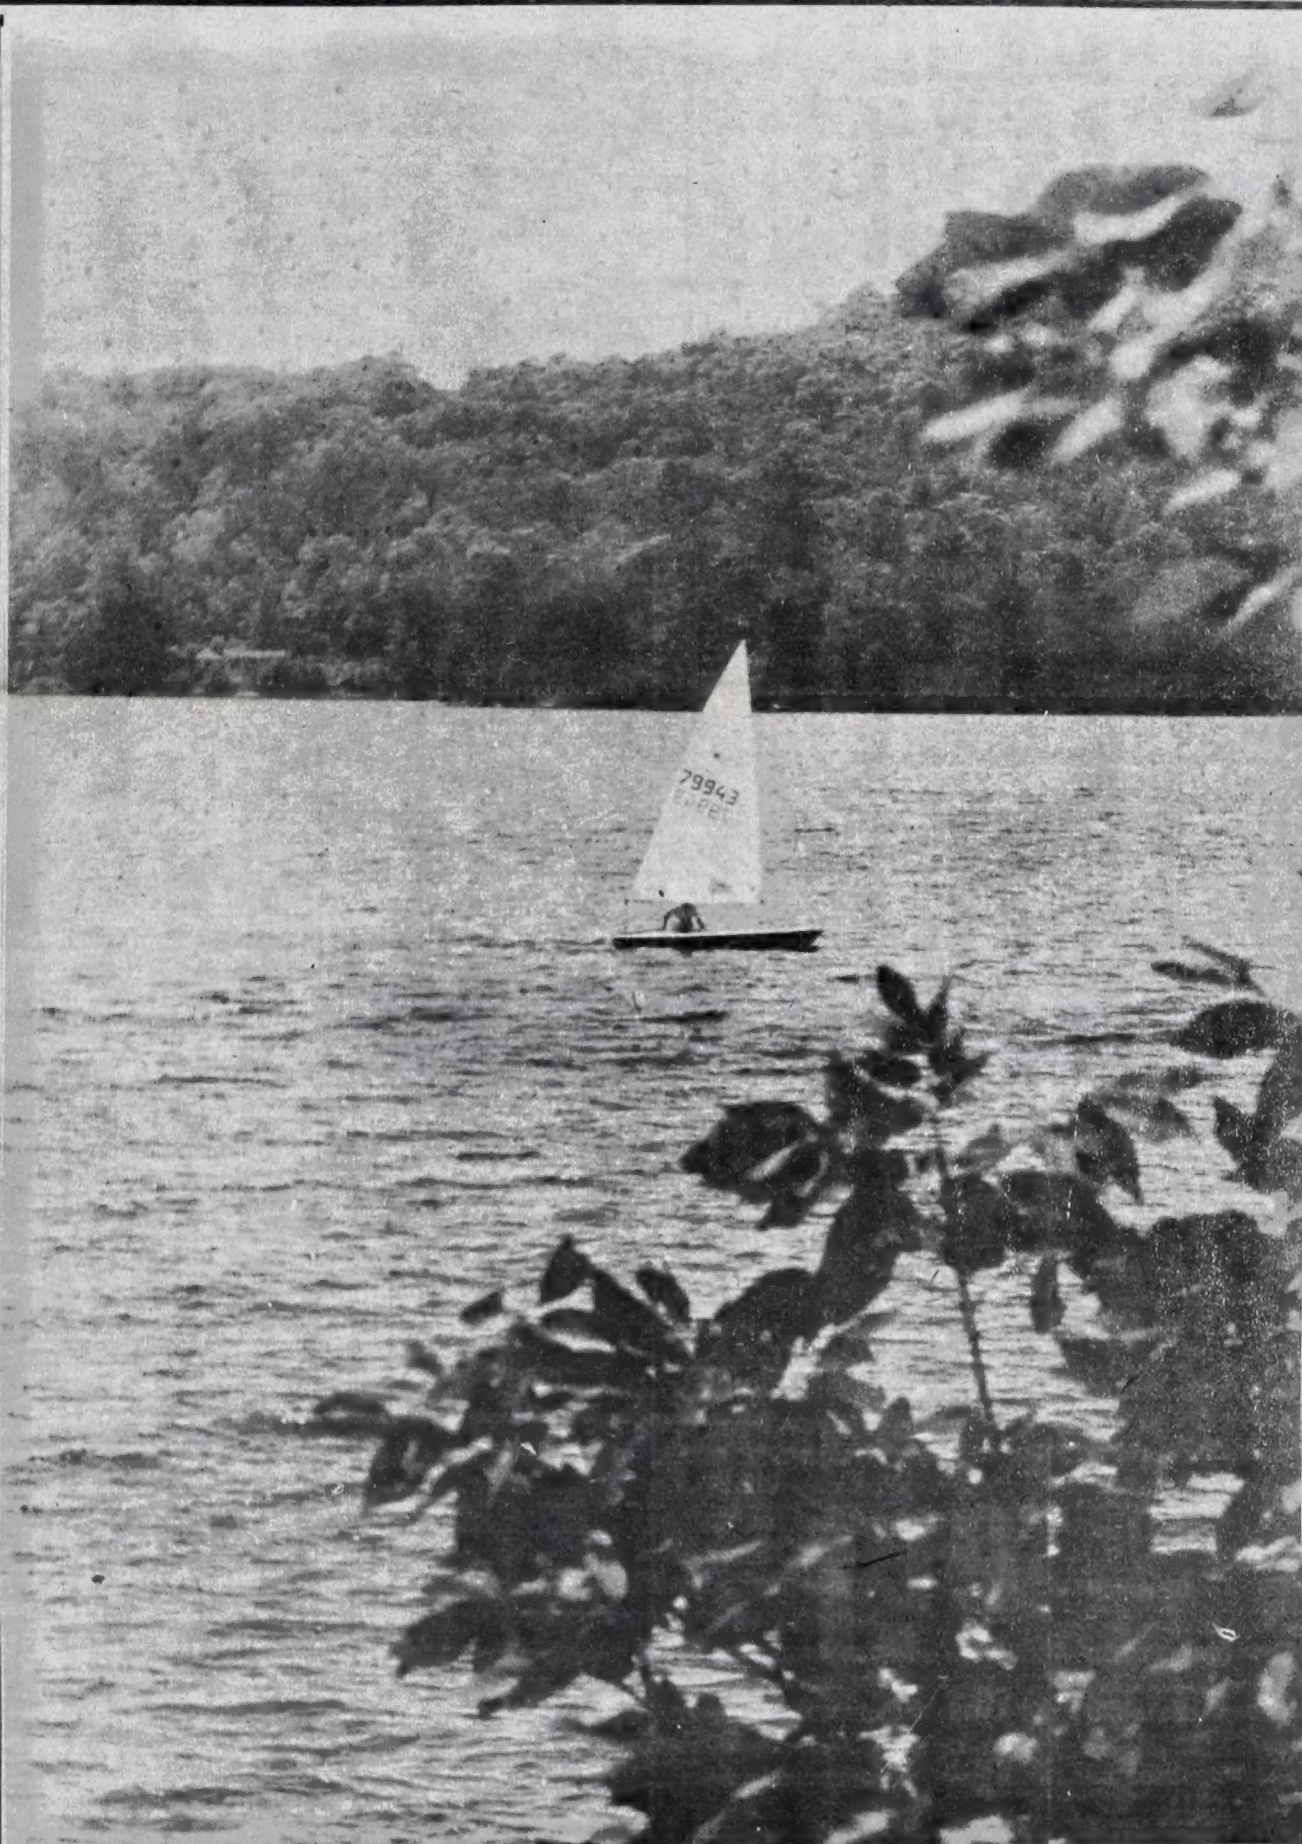

IMPAIRED DRIVING CHARGE LAID

\$2,000 damage was set to a car following a single vehicle accident last Sunday, July 6th on Hwy. 121 near Minden.

Kenneth Knight 24, of Newmarket was eastbound on Hwy. 121, struck a road sign on the south shoulder and then entered the ditch striking two trees.

Police report that Knight has been charged with impaired driving. PC Smith.

OH THAT BEAUTIFUL SUNSHINE

COME SAIL AWAY: WEATHER CONDITIONS ON THE WEEKEND WERE PERFECT FOR SAILING ON HALIBURTON COUNTY LAKES. THIS CRAFT WAS TACKLING INTO THE WIND NEAR 12 MILE LAKE TO REMIND LANDLUBBERS THAT SUMMER IS OFFICIALLY

HERE. ACCOMMODATION MERCHANTS IN THE COUNTY ARE GETTING MORE AND MORE BOOKINGS AS THE SUNSHINE AND WARM WEATHER FINALLY HAS ARRIVED ON THE WEEKENDS.

LEASING & RENTAL

CURRY MOTORS

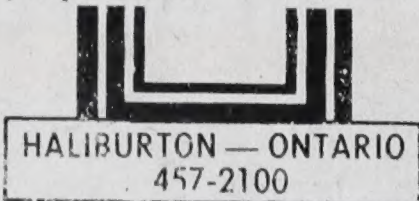

VERY LITTLE DOWN WHEN YOU LEASE A NEW CAR FROM US

That's because your deposit on a new leased car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.

Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.

There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss the lease plan ... and that new Chevrolet ... that fit your needs.

And your pocketbook.

Help your Heart... Help your Heart Fund

ACID RAIN

from page 1

In the current 1980-81 fiscal year, the Ontario Government proposes to spend \$5 million on scientific studies and abatement strategies concerned with acid rain and long-range transport of air pollutants. Environment Ontario will spend over \$3 million of this amount on meteorological, aquatic and terrestrial studies and experimental projects intended to lead to abatement remedies. The remainder will be spent on program involving other ministries, which include socio-economic impact studies to make optimum use of abatement programs and determine priorities, as well as tactics, manpower and money required for remedial action.

The new monitoring networks are complementary but will yield different information. One is designed as a "true event" network sampling precipitation and particulate matter on a monthly basis. Both are designed to collect "wet" deposition and "dry" deposition. All samples collected will be analyzed at Toronto laboratories using special equipment required to detect low levels of air borne contaminants.

Elephant Lake Lodge holds annual Bass tournament

HALIBURTON — The Elephant Lake Lodge annual luncheon bass tournament was held last week. This year's winner was Earl Thompson of East Liverpool, Ohio, with his catch of a 5½ pound largemouth bass. Runner-up was Ray Kissling of Bernville, Pa., with a 4¾ pound smallmouth bass.

The 42 guests had a successful week of fishing with plentiful bass, muskie and walleye being caught. Thompson was a first time guest and topped all others who had fished the lake as guests of the lodge for many years. The weather created some problems but all in all, the three days were ideal and the fish were very co-operative.

Stamp fans 14 on way to 7-2 romp over Woodville

MINDEN — The Rockcliffe Hotel Hustlers took a giant step forward to clinching their first Tri County fastball league championship this week with a pair of victories. With just four games remaining in the schedule, Minden now have a 13-3 won-lost record and lead second place Lindsay Billings Mercury Jrs. by three games.

On Wednesday evening here, Craig Stamp came up with his finest performance of the season in pitching the Hustlers to a 7-2 victory. Stamp fanned 14 batters in the seven inning contest to up his seasons record to 4-3.

Woodville got on the scoreboard early, when they scored two runs in the first inning after Stamp had retired the first two batters. R. Howell singled and scored on a double by Stu Higham and then he was brought home on a single by Ferguson, to put the Merchants ahead 2-0.

The score remained 2-0 until the bottom of the

fourth when Hustlers batters finally found their batting eyes. Jack Snell led off the inning with a single and scored on the first of two triples by Rick Boucher, who tied the game when he came home on a single by Dave Dollo.

Some shabby fielding and throwing errors in the fifth inning gave Minden two more runs on just one hit and a walk. The sixth saw the game put out of reach when Boucher opened up with his second triple, Dollo drew a walk and Barry Shaw planted a Howell pitch deep over the left centre field fence, making the final count 7-2.

Stamp (4-3) picked up the win, allowing two runs on six hits, walked one and fanned 14. R. Howell suffered the loss, giving up seven runs on ten hits, walked four and struck out seven.

Besides this big win over Woodville on Wednesday, league officials informed Hustler management that the Fenelon Falls entry in the Tri County league had folded due to lack of players. This gave Minden another game in the win column.

The Hustlers four remaining games are — two against Bobcaygeon Merchants, one each against Woodville and Lindsay New Royal Hotel. There will be no game here tonight as the Hustlers are playing in Bobcaygeon. They return next Wednesday and play the same Bobcaygeon squad.

CHARGED WITH CARELESS DRIVING

On Wednesday, July 9th on Horseshoe Lake Rd. 1, a single vehicle collision has resulted in a Markham man being injured and charged.

Norman Patterson 66, suffered minimal injury, when the car he was driving eastbound, entered the south ditch striking a hydro pole and then entered the water of Minden Lake. The car received \$2500 in damages and police report Patterson has been charged with careless driving. PC Al Barnes.

MISKWABI LAKE COLLISION

Early Friday afternoon a single vehicle collision resulted in \$2000 damage to a stationwagon.

Erno Felfodi 37, of Rexdale, was southbound on the Miskwabi Lake Rd. on a hill, entered the west ditch and rolled over into some trees. PC B. Connelly

MINDEN MAN IS INJURED

At about 4:25 pm on Sunday, July 13th, a Minden resident suffered minor injuries in a two car collision on Hwy. 35.

James Mortson 65, of Agincourt, was westbound on Horseshoe Lake Rd. and entered Hwy. 35 to travel southbound. Martin Duncan 18, of RR 1, Minden was northbound on a motorcycle. Duncan tried to avoid hitting the Mortson vehicle, but collided with the right front fender. Duncan was taken to Minden hospital suffering minor injuries and police report that Mortson has been charged with failing to yield. Damages have been set at \$2000 to the bike and \$700 to the car. PC Barry Connelly.

MISSISSAUGA WOMAN HURT, CHARGED

A two vehicle collision on the Green Lake Road Sunday evening saw a Mississauga woman injured and charged.

Robert Johnston 31, of Uxbridge, was westbound when his truck collided on a curve with a car driven by Joan Marie McKay. The McKay car continued eastbound, entered the south ditch and struck some trees.

Police report McKay suffered minimal injuries in the mishap and have charged her with careless driving. Damages totalled \$1700. PC Jim Solway.

SIDESWIPE ON CREST OF HILL

A two vehicle collision on Sunday evening at about 11:45 pm resulted in more than \$2000 in damages set.

Hugh Collim 56, of Agincourt was southbound on Cty. Road 7, in a car approaching the crest of a

Young farmers of UK, BC visit

LINDSAY — Victoria County is honoured in having the opportunity to host young people from outside Ontario for the past week.

Two young farmers from the United Kingdom are visiting with Junior Farmer families in the area. Rod Marsen from Staffordshire, England is staying with the Oliver's at Bobcaygeon. Alison Stewart of Tayside, Scotland, is a guest of the Jack Magahay family of RR 5, Lindsay.

Victoria County is also taking part in an inter-Provincial 4-H exchange and Beverley Moon from Williams Lake, B.C. is visiting with the Herman Rodman family of Little Britan and the Ross Chambers family at Oakwood.

The young visitors report that farming here is very different from their own experiences. Land in the UK is farmed extensively, crops are heavily fertilized and 100 bushels to the acre for barley is common. Farmers are very conscious of land use. Swamps and wetlands are drained but regulations for severing land and putting up buildings are quite strict. Sheep, beef and dairy enterprises are common and the main crops grown are barley, oats and potatoes. Most farms have a combination of enterprises.

Agriculture at Williams Lake, B.C. is limited to beef ranching with little cash cropping. There are many lakes and hills in the area and Williams Lake is found about 150 miles south of Prince George. Logging and mining along with ranching are the major industries. Southern BC is well known for its fruit production as well.

Some upcoming happenings over the next week are, County Jr. Farmers meet at Government Building in Lindsay, July 16; and a Crop Tour, sponsored by the Haliburton Association on July 22 at 7 pm.

hill. Meanwhile a pickup truck driven by Edmund Berscheid 36, of Oakville, was northbound. The two vehicles sideswiped each other at the top and no injuries or charges have been laid. PC Jim Solway.

Cty. Fair Board takes over old Minden curling club building

MINDEN — The 16th meeting of the council for Anson, Hindon and Minden took place last Wednesday evening at the municipal council chambers and the following business was discussed.

Mr. Jerry Pillsworth attended on behalf of the Haliburton County Fair board, with respect to the administration of the old Minden curling club now that the Agricultural Society is the prime tenant in the building. Council passed a resolution that the administration of the former curling club be the responsibility of the Agricultural Society and the administration committee be disbanded effective this date.

The clerk, Elinor Burke, was directed to contact all persons within the Business Improvement Area (BIA) to determine those interested in serving on the board of management.

Tenders: Jim Garbutt and Godfrey Saunders attended council regarding the tender award for the new curling club building. Council passed the following resolution accepting on behalf of the curling club and recreation centre committee, the tender of Ray Knight Construction of Orillia, to construct a new curling recreation centre at a cost of \$257,365 and further that council supports an application to Win-

tario for \$360,000.

Ministry of Environment: Council was to instruct Fraser Rogers, Barrister, to proceed with suitable action with respect to settling the claim with the Ministry and consulting engineers regarding street restoration.

Council also accepted the quotation of L. Forsyth to repair the municipal office exterior walls and eavestrough for a price of \$250.00.

Council appointed the following people to form a committee to monitor the construction of the new curling and recreation centre, Stuart Brandon and Lyle McKnight (councillors) and Godfrey Saunders as consulting engineer for \$1.00.

Council declared the annual Haliburton County Fair sponsored by the Minden Agricultural Society to be held August 9th and 10th, 1980, and declared this Fair be designated a community festival.

New Norland Post Office will be started soon on Hwy. 35

NORLAND — Construction will begin shortly on the new Post Office here, Public Works Canada Minister Paul Cosgrove said last week.

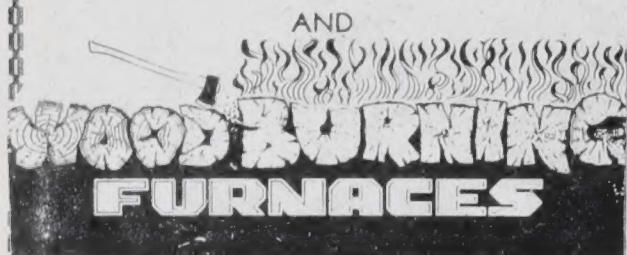

The contract for \$74,000 was awarded to Westmount Engineering Construction Limited, of Peterborough, the lowest of 16 bids received in a public tender call. The facility will be completed by Feb. 1981.

The wood frame building, which will be clad in aluminum siding is the first of a new series of Post Office design which emphasizes reduction of building costs while maintaining a good standard of architecture.

The building's interior will be finished in painted gypsum board and tile floors. The 89 square metre structure will meet government energy conservation standards.
